SKILLS SUMMARY

- **Frontend Technologies:** HTML, CSS, JavaScript, TypeScript
 - **Frameworks & Libraries:** React, Next.js
 - **State Management:** Redux, Zustand
 - **Tools & Platforms:** Git, GitHub, VS Code, Figma, npm, Vite
 - **Skills:** Responsive Design, Mobile-First Design, REST API Integration, Debugging
 - **Soft Skills:** Teamwork, Communication, Problem Solving
-

WORK EXPERIENCE

- | | |
|---|--------------------------|
| Frontend Intern Software Village MMC <ul style="list-style-type: none">◦ Developed responsive user interfaces using React and CSS.◦ Worked with Git and GitHub for version control.◦ Participated in frontend development tasks and team projects. | <i>03.2025 – 04.2025</i> |
| Assistant Operator Archi Glass <ul style="list-style-type: none">◦ Supported operational tasks and assisted in production processes | <i>10.2024 – present</i> |
| Production Operator XANI MMC <ul style="list-style-type: none">◦ Operated production processes and supported workflow efficiency | <i>10.2023 – 03.2024</i> |
| Mapping Operator 4MAPS <ul style="list-style-type: none">◦ Worked with mapping data and supported geospatial processes | <i>06.2023 – 09.2023</i> |
| Sales Specialist Sanitariya.az <ul style="list-style-type: none">◦ Managed sales processes and communicated with customers | <i>09.2022 – 11.2022</i> |
| Seller Bərəkətli Supermarket <ul style="list-style-type: none">◦ Assisted customers and handled daily retail operations | <i>02.2022 – 06.2022</i> |

PROJECTS

E-Commerce Website

[Live Demo](#) | [GitHub](#)

- Built a responsive e-commerce UI using React
- Implemented product listing and UI components
- Focused on mobile-first design

Weather App

[Live Demo](#) | [GitHub](#)

- Developed a weather application using React and OpenWeather API
- Displayed real-time weather data based on user input
- Implemented clean and responsive UI

CodeMate – Chess Game

[Live Demo](#) | [GitHub](#)

- Built a browser-based chess game using HTML, CSS and JavaScript
- Implemented full game logic including legal moves and turn-based system
- Added special rules such as castling and en passant
- Integrated AI-powered computer opponent (bot.js)
- Included move history with undo/redo functionality
- Developed settings menu and interactive UI
- Deployed project using Vercel

EDUCATION

SSU – Sumgait State University

Bachelor's Degree in Business Management

Sumgait, Azerbaijan

September 2018 – June 2022

CERTIFICATES

Frontend Development Program – SoftwareVillage

March 2025

- Completed an intensive training program covering HTML, CSS, JavaScript, and modern frontend frameworks (React, Next.js).
- Built responsive and user-friendly web interfaces using modern UI/UX principles and best practices.
- Developed real-world projects including dynamic web applications, API integrations, and component-based architectures.
- Applied state management, routing, and performance optimization techniques in frontend applications.
